- Web development

## EXPERIENCE

**Celebal Technologies Pvt Ltd**

**May 2024 – July 2024**

*React JS Intern*

*Remote*

- Developed a dynamic To-do list using React JS to manage tasks efficiently, implementing state management and hooks to provide a seamless user experience.
- Built an interactive Dashboard that displays real-time data using React JS, integrating API calls and state management to handle dynamic data updates.
- Designed and implemented a Ticket booking system using React JS, featuring seat selection, real-time availability updates, and payment integration.

## PROJECTS

**Study Notion - Ed Tech App**  | [React JS, Node JS, Express Js, MongoDB](#)

**October 2024**

- Developed a fully functional Ed Tech app using the MERN stack (MongoDB, Express, React, Node.js).
- Designed and implemented a seamless and interactive learning experience for students, ensuring high usability and engagement.
- Created a platform for instructors to showcase their expertise and manage their courses effectively.
- Developed an instructor dashboard that allows instructors to manage resources, track student progress, and interact with learners.

**Reflect - A Journal App**  | [React JS, Node JS, Express Js, MongoDB](#)

**November 2024**

- A full-stack Journal app built using React Js and Tailwind CSS.
- Create journal entries inside a rich-text editor
- Features like Analytics Dashboard to give a summary of mood based on journal entries.

**Klimate - Weather App**  | [Tanstack Query, Recharts, Openweather API, Shadcn UI](#)

**November 2024**

- Developed a weather tracking app using React and TypeScript.
- Implemented current location weather tracking.
- 24-hour graphical forecasts using Open Weather API and Recharts.

## TECHNICAL SKILLS

**Languages:** C++, Python (Basics), JavaScript, SQL

**Technologies/Frameworks:** Tailwind CSS, Redux, Material UI, ExpressJS, MongoDB

**Developer Tools:** Git, Github, VS Code

## CERTIFICATIONS

- Web Development Bootcamp [MERN] - Codehelp
- Data Structure and Algorithms [Master Course] - Codehelp
